- > Enhanced Bioavailability
- > Nutritional Support

FOR THE
LEFT SIDE
AND THE
RIGHT SIDE

THIS PRODUCT CONTAINS: Forslean® 95, Chlorogenic Acid (Green Coffee), Satiereal®, Guarana, Green Tea, White Willow Bark, Beta Hydroxybutyrate, CoQ10, Cosmoperine®, L-Arginine, Limonene, Aloe Vera. (ForsLean® and Cosmoperine® are registered trademarks of Sabinsa Corp. Satiereal® is a registered trademark of INOREAL. International patents pending.)

DFT **BURN** is the latest advancement for the THRIVE 8-Week Experience and the Derma Fusion Technology line of products.

Catapulting off the advancements made during the development of DFT DUO, **BURN** utilizes a special concentration of Forslean 95% extract, which is one of the most clinically-studied ingredients globally for weight loss and weight management. **BURN**'s proprietary formula also utilizes an additional 67% of the amount of bulk ingredients compared to DUO's formula. This huge jump is by far the largest amount of premium grade bulk ingredients with which we've ever coated any DFT application.

BURN has also been formulated to increase appetite management. Note the use of "appetite management" rather than "appetite suppression," as our bodies are intended to, and need to, have food. Many THRIVERS will notice they are actually hungrier while using **BURN**, which is a sign that their system is "on the move", burning calories and fat. While using **BURN** and experiencing thermogenesis hunger (a desire to snack in-between meals), if you pick appropriate foods, you'll boost the effect of **BURN**. Accordingly, moderation with carbohydrates and sugar is critical. If you consume too many carbs and too much sugar, your body will look to the incoming carb and sugar intake for its fuel. When your body has less carbohydrates and sugars, it turns to stored fat and calories to supply the body's energy. **BURN** is not only intended to help your cravings but, even more so, it's designed to jumpstart and propel you into a state of **BURN** thermogenesis.

The last point to note is that **BURN**'s high grade adhesive has been uniquely engineered specifically for **BURN** and is different than the adhesives on the other DFT products.

For best results with your weight and appetite management goals, use THRIVE **BURN** with THRIVE Lifestyle Capsules and THRIVE Lifestyle Shake. Best results are achieved from a moderate approach to your daily intake of carbohydrates and sugars. Proper sleep and weekly exercise are also recommended to achieve maximum thermogenesis from your **BURN** application. The greatest step forward in weight management is here—welcome to THRIVE **BURN**.

Not suitable for individuals under 18 years of age. If you are pregnant or breastfeeding consult a doctor before using this product. If you are taking any medication, or have any type of medical issue, consult with a doctor before using this product. Discontinue use if skin irritation occurs.
